Failure to comply with this code of conduct will result in disciplinary action.

The essential elements of character-building and ethics in baseball are embodied in the concept of sportsmanship and six (6) core principles:

- *Trustworthiness*
- *Respect*
- *Responsibility*
- *Fairness*
- *Caring*
- *Good Citizenship*

The highest potential of the game of baseball is achieved when competition reflects these “six pillars of character” and in an effort to achieve this potential, YAMBA has developed and will enforce Codes of Conduct for every level of membership.

YAMBA is adopting a zero-tolerance policy and failure to adhere to these Codes of Conduct will result in appropriate disciplinary action at the discretion of YAMBA.

Disciplinary Action for Code of Conduct infractions will, as a general rule, follow multi-tiered disciplinary approach, with the severity of the penalty increasing for each subsequent infraction. However, the YAMBA Board reserves the right to impose a more severe penalty than the next subsequent tier in the process should the infraction warrant such a penalty. The penalties, in increasing order of severity are as follows:

- 1st Infraction – Written Warning
- 2nd Infraction – Single Game Suspension
- 3rd Infraction – Multi Game Suspension
- 4th Infraction – Season Long Suspension (Pending Fair Hearing)
- 5th Infraction – Removal from YAMBA

All reports of Code of Conduct infractions must be submitted in writing to the YAMBA board and will be subject to the same process that is in place for handling complaints.

Expulsion

- A. YAMBA reserves the right to reject participation in such a case where previous record of behavior unbecoming a participant of the YAMBA has been evident.
- B. Participation may be revoked at any time to an individual who has been deemed by the Board to be in contravention of the Bylaw or Operating Procedures. Such action shall only result after a fair hearing, and a majority vote of the Board of Management.

Concussion Awareness

I can help prevent concussions through my:

- Efforts to ensure that my athletes wear the proper equipment and wear it correctly.
- Efforts to help my athletes develop their skills and strength so they can participate to the best of their abilities.
- Respect for the rules of my sport or activity and efforts to ensure that my athletes do, too.
- Commitment to fair play and respect for all (respecting other coaches, team trainers, officials and all participants and ensuring my athletes respect others and play fair).

I will care for the health and safety of all participants by taking concussions seriously. I understand that:

- A concussion is a brain injury that can have both short and long-term effects.
- A blow to the head, face, or neck, or a blow to the body may cause the brain to move around inside the skull and result in a concussion.
- A person does not need to lose consciousness to have had a concussion.

- An athlete with a suspected concussion should stop participating in training, practice, or competition **immediately**.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion.
- Continuing to participate in further training, practice or competition with a suspected concussion increases a person’s risk of more severe, longer lasting symptoms, and increases their risk of other injuries or even death.

I will create an environment where participants feel safe and comfortable speaking up. I will:

- Encourage athletes not to hide their symptoms, but to tell me, an official, parent/guardian or another adult they trust if they experience any symptoms of concussion after an impact.
- Lead by example. I will tell a fellow coach, official, team trainer and seek medical attention by a physician or nurse practitioner if I am experiencing any concussion symptoms.
- Understand and respect that any athlete with a suspected concussion must be removed from sport and not permitted to return until they undergo a medical assessment by a physician or nurse practitioner and have been medically cleared to return to training, practice or competition.
- Commit to providing opportunities before and after each training, practice, and competition to enable athletes to discuss potential issues related to concussions.

I will support all participants to take the time they need to recover.

- I understand my commitment to supporting the return-to-sport process.
- I understand the athletes will have to be cleared by a physician or nurse practitioner before returning to sport.
- I will respect my fellow coaches, team trainers, parents/guardians, physicians and nurse practitioners and any decisions made with regards to the health and safety of my athletes.

By signing here, I acknowledge that I have fully reviewed and commit to this Code of Conduct
